

Recruitment Policy

ACME Corporation | Recruitment and Selection Policy - HR-POL-011 - Effective 01 January 2025

1. Principles

ACME Corporation recruits on merit. Selection decisions are based on skills, experience and demonstrated potential relevant to the role.

Every open role is approved by the hiring manager, the department head and the Finance team before it is posted.

All roles are advertised internally on the ACME careers page for five working days before external sourcing begins.

2. Interview Process

The standard interview process consists of four stages: a recruiter screen, a technical or functional round, a hiring manager round, and a values interview.

Each interview panel must include at least one interviewer from outside the hiring team.

Interview feedback must be submitted in the applicant tracking system within 24 hours of the interview.

The target time from application to offer decision is 21 calendar days.

3. Employee Referrals

Employees may refer candidates for any open role through the referral portal.

A referral bonus of INR 50,000 is paid for a successful referral at engineering levels 3 and above, and INR 25,000 for other roles.

The referral bonus is paid after the referred employee completes 90 days of service.

Referrals of immediate family members must be declared and are handled by an independent panel.

4. Offers and Background Checks

Offer letters are issued by Human Resources only. No other communication constitutes an offer of employment.

All offers are conditional on a satisfactory background verification covering identity, education, and previous employment.

Candidates have 7 calendar days to accept an offer, after which it may be withdrawn.

5. Internal Mobility

Employees become eligible to apply for an internal move after completing 12 months in their current role.

Internal applicants must inform their current manager before the hiring manager round.

A successful internal move takes effect after a transition period of up to 30 days agreed between both managers.
